Hi Dave,

I wanted to thank you for spending time at Aristocrat Berea. The coffee was outstanding. The feedback from the staff was just great.

Many of them, as you know, came back for several cups of coffee! Pam I think broke the record with five cups! They have all inquired as to when the machine is going to arrive. But that is certainly a testimony of how good the coffee was.

Now if we could just have you here every day to serve them and spread your humor that would be great.

Again, Thanks for the *OUTSTANDING* coffee; we look forward to having your machine in our building very soon.

Here's to caffeine!

Sincerely,

Kathleen A. Wolcott
