Thomas J. Wittkamper
Superintendent

June 1, 2007

Christine,

I wanted to thank you for providing the Espresso – Etc! coffee products for our recent all-school Fun Fair. Even though it was a warm evening, it seemed that the adults really enjoyed the various types of coffee drinks that you provided. That is quite a machine! I think our school would purchase one quickly if we had an older clientele (perhaps not as well suited for elementary and middle school children). I appreciated your presence at the fair. It did provide a great way to get the word out about the product.

If our Booster Club or other parent organizations have interest in getting more information about the program, I will connect with you. Based on what I saw that evening, your product is going to be well received by the coffee-drinking public. I hope you enjoy a productive summer. Thanks again for coming.

Sincerely,

Mark MacKay
Asst. Supt.
