Dear Christine,

On behalf of the Oak Creek Community United Methodist Church, I want to thank you for your donation of use of your specialty coffee machine for our Annual Christmas Concert on Saturday, December 8, 2007. We appreciate that you allowed us to use your machine to offer our congregants such a wonderful treat after our concert!

Several people approached me asking how we found you and how they could use your machine for future events, both at the church and in their places of work. I explained that you are a valuable member of the South Suburban Chamber and that you were providing the machine for our use free of charge. The flavor choices were well received and much appreciated!

Thank you again and best of luck with any future clients that heard of you as a result of our concert!

Sincerely,

Heidi Griswold-Rhymer
