Daytona Beach, Fl. 32125

Dear Ed,

Jeff and I would like to take the time to express how much we appreciate all you, your wife and saleswomen, Jennifer have done. Working with the three of you was great and I especially appreciated your patience as I decided on whether to purchase the machine during a chaotic time with the construction of the new office. With the Aroma coffee machine in our new office, we have added an additional touch of class that our clients have been delighted with so far. I am a coffee latte' and cappuccino drinker and I appreciate a fresh cup from this machine each day.

We had our Open House recently and the customers loved helping themselves to the selection of drinks and were tickled with the one button process.

Thanks again for all that you did to assist us in making the right decision to buy this machine. We will at anytime let others know of our satisfaction of this machine if you choose to have someone call me.

Sincerely,

A handwritten signature in blue ink that reads "Cindy Evans".

Cindy Evans
