Dear Espresso-Etc!

I started The Muse Café in the Palm Springs Art Museum six months ago. Shortly after opening I purchased one of your machines. What a smart move; my customers really enjoy the fresh ground espresso drinks I am now able to offer. The machine goes nonstop during the Museum's many evening theater events. And if I get low on beans or mixes I just call in an order and it shows up the next day. I really appreciate that kind of service as well as the quick response I get from Ashley Howard.

I am so glad I purchased my Espresso-Etc! machine. I highly recommend the machine to anyone that wants to provide excellent coffee drinks to their customers.

Sincerely,

Harry C. Wick
Owner
The Muse Cafe
