Dear Christine,

We want to thank you very much for allowing our members to sample the many coffee choices from the Espresso-Ect coffee machine. It was a treat greatly enjoyed by our membership.

Your attention to detail and prompt delivery, set up, and flawless operation of the machine, illustrate your professional ability as a representative which are greatly appreciated. Thank your husband for his part in delivering the machine at the specified time, and his help in setting up the machine.

We had many positive comments on the taste, freshness choice of flavors, and were truly amazed at the technology derived in dispensing the coffee.

We wish you much success in your sales and marketing efforts.

Sincerely,

Officers of WAUC & Leo Hoffer
