Dear Mr. Reumann:

I wish to thank you for the addition of the Gourmet Beverage Bar in our mailroom for our teachers and staff. I have heard all positive comments since it was installed last week. The quality of the beverage is exemplary, the equipment itself is very attractive and highly sophisticated, yet easy to maintain. This staff is truly enthused about the new addition for them.

I would highly recommend the Gourmet Beverage Bar in a school setting such as ours. Prior to the installation I noticed on a daily basis, a number of our staff carrying in the 'pricy' take-out coffees. Not only is the price of coffee from the Gourmet Beverage Bar more affordable, but equally delicious, with the added convenience of being right in our sign-in area!! You have been very supportive and available to us. This is sincerely appreciated. With the \$2 price we charge it will cover the lease price with money to spare. What a nice idea.

We have found this to be a positive morale booster for our teachers and staff.

Sincerely yours,

(Miss) Barbara Forgash
Vice Principal
